

Investing for Success

**Under this agreement for 2017
Kallangur State School will receive**

\$385,287*

This funding will be used to

- Provide structured and strategic support to students in all areas of the curriculum
- Provide time for teachers to work collaboratively with their colleagues to enhance teacher practice and undertake provided mentoring opportunities.
- Ensure all staff have the resources required to enact the whole school improvement agenda.
- Provide opportunities for staff and students to engage with digital technology devices to support student learning.

Our initiatives include

- Enhancing differentiated and inclusive teaching practices so that the learning of all students is effectively supported.
- Supplemented Teacher aide support for intervention programs for identified students.
- Consistent approaches in analysing data to provide differentiated support to students.
- Utilise and embed information communication technologies to support and enhance curriculum delivery for students.
- Purchase of additional resources to support and enhance Literacy and Numeracy.

Our school will improve student outcomes by

- Procuring additional human and physical resources to support curriculum delivery.
- Employment of a Head of Teaching position to ensure consistency and curriculum alignment and to provide mentoring to teaching staff to improve pedagogical practice.
- Employment of four extra teacher aides to provide support to students through the 'Response to Intervention' Framework.
- Employment of a full time Guidance Officer.
- Building the capacity of staff through purposeful professional development activities.
- Employing a data coach to build staff capacity in a range of practices to gather evidence of student learning and to use this evidence to direct future learning opportunities.
